SHOW HELP

Agreement

Please make a selection below to continue.

Thank you for your interest in applying for the federally funded Transportation Alternatives Set-Aside (TA Set-Aside) grant.

The information below provides basic information related to the administration of a federal grant. At the end of this section, you will be required to acknowledge reading the information below prior to starting the application.

NJDOT provides funds to Local Public Agencies (LPAs) on the federal-aid system through the Federal Highway Administration's (FHWA's) federal-aid program. LPAs receiving federal-aid funds are responsible for administering their projects and meeting all the state and federal requirements.

Eligibility Assessment: As a first step, LPAs interested in receiving federal funds must undergo an eligibility assessment. To make this eligibility determination, the NJDOT will assess each LPA's policies, procedures, organizational structure, and internal controls prior to the authorization of federal-aid funds.

Certain requirements must be met to maintain eligibility of projects for federal funding participation. Highlights of the federal programs include: Responsible Charge (23 CFR 635.105)- NJDOT, through its Stewardship Agreement with FHWA, is responsible for ensuring that each LPA receiving FHWA funds is adequately staffed and suitably equipped to undertake the federal-aid projects which then requires that any LPA electing to receive federal funds from the State must have a full-time employee in responsible charge of the project. All applicants will need to have a responsible charge for each project.

Full Time Inspection (23 CFR 635.105)-requires that an LPA is adequately staffed and suitably equipped to undertake and satisfactorily complete the work or in other words, to provide the supervision and inspection required to complete each project in conformance with the approved plans and specifications; and to ensure that all federal requirements are met. In general these requirements include Title 23 - Highways; 48 CFR - Federal Acquisition Regulation; and 49 CFR 18 - the Common Grant Rule.

ADA Compliance-The proposed improvements must comply with the provisions of the Americans with Disabilities Act (ADA)/Section 504 of the Rehabilitation Act of 1973 (504).

Reimbursement: Applicants are reminded that funds for all TA Set-Aside projects are provided to the LPA on a reimbursement basis only. Before applying, LPAs should assess their capability to comply with state and federal requirements for procurement of materials and services, accounting practices, right-of-way and easement acquisitions, environmental regulations and applicable design standards. LPAs must have the financial capability to advance project costs and adequate funding to cover costs for materials and contractors.

Applicants are strongly urged to familiarize themselves with the program's goals and selection criteria by reading the New Jersey Department of Transportation's (NJDOT's) Transportation Alternatives Handbook. Applicants should also familiarize themselves with the procedural requirements of using federal funds by reading the NJDOT Federal Aid Handbook.

Additional information on the TA Set-Aside program and the requirements discussed above can be found at: http://nj.gov/transportation/business/localaid/fedaid.shtm.

For this solicitation, one-on-one pre-application meetings will be required. Additional information on scheduling and the requirements can be found at the NJDOT Local Aid Resource Center website: https://www.njdotlocalaidrc.com

I acknowledge reading the information provided on this page and would like to continue with the creation of this Transportation Alternatives Set-Aside project application.

PROGRAM REQUIREMENTS

Instructions:

- Fields with an * next to hem must be completed.
- Each uploaded attachment is limited to 4 megabytes.
- · After entering all informa ion click SAVE button.
- To proceed to he next page, you may use the SAVE/NEXT or NEXT buttons above
- . To return to the forms menu, click the Forms Menu link above

Each LPA is allowed only one TA Set-Aside application.

NOTE: For this solicitation, a one-on-one pre-application meeting is required. Additional informa ion on scheduling and the requirements can be found at the NJDOT Local Aid Resource Center website: https://www.njdotlocalaidrc.com

The following are required for your application:

- 1. Resolutions of Support
- 2. Maintenance Commitment
- 3. Responsible Charge
- 4. Surface Transportation
- 5. Eligible Activities

If any of the below requirements are not met, the project is ineligible for funding and the application will not be considered.

Resolutions of Support:

Each applica ion must include, as an attachment, an approved resolution of support from he governing body in which the project is to be located. Resolutions of Support are required as they demonstrate compliance with federal regulations allowing an opportunity for public participation and community input. If they are not attached, then project will be considered ineligible. Please click here for a sample resolution. Resolution of support:

- 1. Must be dated within one year of the NJDOT application solicita ion letter date
- 2. Must refer to the project for which the funds are being sought.
- 3. Must provide evidence of board action adopting he Resolution of Support, which must include a signature and date of the action.
- 4. Unsigned resolutions of support will NOT be accepted.

Choose File No file chosen

In addi ion, if the agency(ies) with ownership of he public right-of-way where the project is proposed (the municipality or county) is different than applicant LPA, they must show support for he project in the form of a letter or an approved resolution. Use the box(es) below to attach letters/resolu ions of support from the municipality(s) and counties as necessary.

Choose File No file chosen

Choose File No file chosen

Maintenance Commitment:

Attach a maintenance commitment for his project.

The LPA must indicate and certify he continual ownership and maintenance by a local public agency for the useful life of the project. If the LPA does not have maintenance jurisdiction over the public right-of-way where the project is proposed, then a signed letter or a board approved resolution must be provided by he party having maintenance jurisdiction. The letter/resolution must be dated within one year of the NJDOT applica ion solicitation letter date. Letters should be addressed to LPA.

Letters/Resolutions of Support:

- 1. Letters/Resolutions must be dated within one year of he NJDOT application solicitation letter date.
- 2. Letters/Resolutions must refer to the project for which the funds are being sought.
- 3. Letters/Resolutions must include a signature and date of he ac ion.
- 4. Unsigned letters/resolutions will NOT be accepted.

Use the box(es) below to attach the letter/resolu ions of support.

Choose File No file chosen Choose File No file chosen

Provide the name, title, and employer of the person who will be in responsible charge of the project.

The responsible charge is defined in 23 CFR 635.105(a) (4). Federal regula ions requires Local Public Agencies (LPAs) to provide a full-time employee to be in responsible charge of Federal-aid construction projects. The person in responsible charge of LPA administered projects

does not have to be an engineer, but hey must be a full-time employee of t functioning as the LPA's engineer of record are not eligible to serve as he record are not eligible to serve as he record are not eligible.	
Name, Title and Employer	*
Surface Transportation: Is the project related to surface transportation? * ○ Yes ○ No If Yes, please explain below. If no, this application is ineligible. Applications for projects hat are not directly related to surface transportation. For a project to be eligible for Transporta ion Alternatives funds, it must relativities. Surface transportation includes transport both by land and water. and piers connecting to ferry opera ions. 0 of 4500	ate to surface transportation and qualify as one of the seven eligible
Eligible Ac ivities: Select the category that your project falls under. (For a detailed explanation If you need to deselect a radio button, simply double-click it. *	of the categories, please refer to the <u>Transportation Alterna ives Handbook</u>).
1 Design and construc ion of on-road and off-road trails facilities for pe	edestrians bicyclists and o her nonmotorized forms of transportation
a. What group is he facility meant to service? Pedestrians b. What is the length of the proposed facility? Data must be a decin (miles)	Bicyclists
2 Conversion and use of abandoned railroad corridors for trails for pe	destrians, bicyclists, and other nonmotorized transportation users

TYPE OF IMPROVEMENT

Instructions:

- Please select your Type of Improvement and click SAVE.
- . After completing and saving this page, click SAVE/NEXT to continue.
- · You may create one application per LPA.

Note: Once you have chosen a type of improvement, any pages that have been completed and saved under that type must be deleted before you RESAVE this page. e.g. Project Name, Project Location, Scope of Work, Data Sheet, Total Estimated Cost of Improvement.

If you selected Items 2-7 from the Project Category section (from Program Requirements page) choose Quality of Life as your Type of Improvement.

Infrastructure	Purpose
Bikeway	Primary project purpose is for constructing new bikeways (e.g. bike lanes, bike paths, bike compatible roadways).
O Pedestrian Safety	Primary project purpose is to enhance pedestrian safety (e.g. new sidewalks, new crosswalks, traffic calming, pedestrian overpass).
O Quality of Life	Primary project purpose is for beautification, environmental mitigation, economic development, or historic preservation.
